Xilinx EDA tool software installation (30 days trial version)

Please check the steps below to download Xilinx ISE software from Xilinx website.

1. Go to <http://www.xilinx.com/support/download/index.htm>.
2. Go to “ISE design tool” tab and select the version 14.1 from the list.
3. Under “ISE design tool – 14.1 full product installation” select the option that says "Full Installer for Windows" for the setup file that contains setup file for windows and "Full Installer for linux" for Linux operating system.
4. For MAC click on “All platforms” for setup file.
5. Once the file has been downloaded un-tar the file.
6. Double click on “xsetup” file to run the setup file.
7. Once the software is installed completely select the “30 trial version (free)”.

Hint: The software is better compatible with Windows operating system.

The license for full version of Xilinx software will be given to the students in upcoming weeks and will be posted in ilearn.
